The mission of CASES is to increase public safety through innovative services that reduce crime and incarceration, improve behavioral health, promote recovery and rehabilitation, and create opportunities for success in the community.

The Nathaniel Clinic offers behavioral health care in Central Harlem. Our services include counseling/therapy, medication management, psychiatric evaluation, health assessment and monitoring, integrated treatment for substance use, complex care management, and crisis intervention.

Operated by CASES, the clinic helps justice-involved people and Harlem residents to recover from past trauma and improve emotional and physical health so they can live safely and with purpose in the community. Our approach also helps recipients to strengthen the relationships and social networks that provide support, friendship, and hope.

The Nathaniel Clinic is licensed by the New York State Office of Mental Health and is overseen by the New York City Department of Health and Mental Hygiene.
Our treatment team includes child and adult psychiatrists, licensed social workers/therapists, and primary healthcare professionals. Our staff is supervised to assure quality and ethical services, and is experienced in treatment of the following:
